

Statistics

In June 2018 we had 11 referrals in to the NRM. Compared with the same time period last year when we only had 4 referrals.

In July so far we have 7 referrals in to the NRM compared with 8 for the entire month of July 2017.

County Lines, forced labour and sexual exploitation seem to be the main themes of the referrals, although some referrals are historical and have occurred outside the UK.

We have had 7 new crimes recorded under the Modern Slavery Act in June 2018.

2 DTN's have been recorded in June, suggesting more victims have consented to the NRM.

Lancashire Constabulary have hosted their first regional College of Policing Tactical Advisors course meaning 17 Detectives have now been trained across the region to provide tactical advice to officers and colleagues dealing with incident of HT/MDS.

We have also delivered awareness training to over 80 police officers and PCSO's.

(The disparity between crimes recorded and NRM referrals will relate to crimes that have occurred in Lancashire).
