LITTLE GREEN FOOTPRINTS

hello@littlegreenfoots.co.uk

Tel: Alwyn 07578711258

Tel: Adam 0797648533 (Your local Dairyman)

We at Littlegreenfootprints believe that after the most recent warnings from IPCC - Intergovernmental Panel on Climate Change 2018 and information from 'Blue Planet' TV series That we all need to take steps to avoid plastic packaging at all costs and Littlegreenfootprints will provide a refill station for environmentally friendly products.

Ways to reduce plastic use now:

1. Carry a reusable bottle
2. Say no to plastic straws
3. Avoid excessive food packaging
4. Say no to disposable cutlery
5. Use refill stations for Household Cleaning products
6. Get your milk delivered in glass bottles
7. Avoid microbeads
8. Carry a shopping bag

How we do things differently. We use Eco-friendly, high quality products that don't cost the earth in any sense. All products are Vegan, natural, plant based and kind to the environment.

No testing on animals.

The entire plastic containers we use are BPA (Bisphenol A) Free, which means all our containers are 100% recyclable.

PLEASE COME ALONG WITH ANY OF YOUR OWN CONTAINERS.
