

Here's How it Works

- We are starting with 12 different recyclable materials.
- For every kg of each material collected, you will receive a value of points.
- You need to have one of all 12 categories to get to 100 points
- All recyclables must be clean, free from liquid or food to be accepted. **WE CANNOT ACCEPT DIRTY MATERIAL.**
- When these points are added up and you 100, we'll send you £10 pocket money.

MATERIAL	WEIGHT	POINTS
Cardboard and paper	5kg	1

The Ribble Valley Pocket Money Scheme

Help recycle in the Ribble Valley and keep plastic out of landfill.

Our new pocket money scheme helps recycle properly and pays up to £10 a week for doing it!

Recycling in the Ribble Valley

As more plastic is being used in everyday life, plastic pollution in landfill and in our waters is reaching epidemic levels. Something has got to change to help save our environment. That's why the way we recycle is becoming increasingly important.

- At Seal Recycling we want to take a stand against plastic pollutants. We believe everyone can help and we'd like to work with the local community to help provide recycling solutions to help the environment.
- We have set up our NEW recycling centre in the heart of Clitheroe so like-minded people who genuinely care about the environment, can bring their recyclable waste knowing it will be sorted and recycled properly.

The pocket money scheme is a positive way to encourage the younger generation to think about where their recyclable waste goes and learn about how materials are recycled properly. Plus, earn some extra pocket money at the same time!

Benefits of the scheme

- 😊 Understand which materials can be recycled
- 😊 Learn how to prepare and sort different recyclable materials
- 😊 Learn about the impact on the environment
- 😊 Help make Ribble valley more sustainable
- 😊 Earn up to **£10 a week** pocket money while doing so
