### A prayer from last weekend's Pastoral letter.

Loving Father, We acknowledge that, either through ignorance or greed, the Earth, our common home is damaged.

That damage is felt most by people who have done little to cause it. Industrialisation has exploited natural resources, endangering wildlife, causing climate change, and resulting in disasters and global warming.

Father, forgive us, and guide us in the right way.

Send your Spirit to encourage and strengthen our world leaders as they meet at COP26.

Cause them to discern the way that we must now go, agreeing the changes and decisions necessary to begin to repair the damage done and to prepare a healthy and secure world for future generations.

And we ask Mary, our Mother, to intercede for us, and with us, in our need.

**Amen**
