LIVE SIMPLY—THOUGHT FOR THE WEEK: Please think about where the goods you buy come from. From clothes to food, the closer to home these products are made and bought, the less carbon is created with their transportation. Not only that, but you'll be supporting the local economy which means that in time you'll likely have even more local items to choose from.

CAFOD Did you know that CAFOD, the Catholic Agency for Overseas Development, helps some of the poorest and most marginalised people across the world? We can reach so many people because we are a member of Caritas Internationalis, the Catholic Church network with a presence in 165 countries. Our local experts work with people over the long-term, helping them to have the right skills, tools and opportunities to live with dignity and support their families. For example, in South Sudan we are helping families learn how to farm better as the climate gets hotter, so that they can cope better in the future when things get even more difficult. If you would like to find our more please visit cafod.org.uk. Thank you for your support
