Turning Concern into Action

Collaboration in Partnership with other local Charities

Clitheroe SVP members work actively with **CUSP** (Clitheroe and Chatburn Ukrainian Project) and the **Ribble Valley Foodbank**.

Overseas Aid

The Clitheroe SVP Conference is Twinning with the SVP in India.

Buffalo Project

In 2023 we have donated £1000 to a project to provide 10 buffaloes to a village (Gunnampalli) in Andhra Pradesh, India, which will help the community to become more self-reliant. This is being run by the local SVP of St. Joseph's Conference, Bahimadole Area Council.

Education

In 2023 we have donated £210 to sponsor 10 school students and a nurse in India.

Indian sponsorship scheme offers education for all

In India, one of the most populous and economically diverse countries in the world, the SVP has helped thousands of children to secure access to the precious gift of education. It does this through the Indian Student Sponsorship Scheme, where generous members of the public, and SVP members and Conferences 'sponsor' a child or teenager which enables them to find a pathway out of poverty through an annual or one-off contribution to their study costs.
